A Lifetime Gold Key membership offers the same perks as an Individual Gold Key but for life! The cost is $1,250.

~ Range Operations ~

A new sign with instructions was posted on the outer range door of what to do if you're done shooting. Please be sure to read and follow what's written. This is to ensure range courtesy for shooters after you and also helps board members who have to clean up, thank you!

A friendly reminder from Club President Chuck Pearce. If any member notices any damage (hits) to the yellow or red baffles, equipment, lights etc. You're asked to write a note about it and deposit it through the slot on the office window. This also applies to any member or their guest(s) who accidentally shoots the baffles. We've had some issues and thanks due in part to our camera system, those individuals responsible were called and advised of what was done. We do review footage when damage is seen. So it's best to leave a note or even e-mailing the Secretary about it, as it saves us time reviewing footage.
